One Acquisition Solution for Integrated Services+

(OASIS+) Multi-Agency Contract (MAC) is a Government-wide, multiple award, Indefinite Delivery, Indefinite Quantity (IDIQ) acquisition program for services. The program is designed to address agencies' need for a full range of service requirements that integrate multiple service disciplines and ancillary services/products with the flexibility for commercial and non-commercial requirements, all contract types and pricing determined at the task order level to achieve a total solution.

National Government Services (NGS) helps healthcare agencies deliver transformative solutions that guide them through the next evolution. We are passionate about healthcare and work every day to improve processes and build solutions with a holistic approach to problem-solving. There is a clear connection to how we helped the Centers for Medicare & Medicaid Services grow from one big idea in 1965 to serving more than 100 million Americans today. We take the time to understand our clients' needs and think beyond now and plan for what's next.

Our Commitment to Serving Communities

NGS is a subsidiary of the larger Elevance Health, Inc. organization and primarily focuses on managing government health contracts and acts as a division dedicated to federal healthcare services under the Elevance Health umbrella.
